Privacy Policy

Baseline effective date: June 2026. Firebase Functions and Firestore rules are live, and the account-deletion callable is enabled. End-to-end real-account deletion and the first scheduled reconciler run remain unverified. The baseline effective date remains unchanged pending legal approval.

My Combine LLC ("My Combine," "we," "our," or "us") respects your privacy and is committed to protecting your personal information.

This Privacy Policy explains how we collect, use, store, share, and protect information when you use the My Combine mobile application, website, software, services, hardware integrations, and related offerings (collectively, the "Services").

By using the Services, you agree to the collection and use of information as described in this Privacy Policy.

1. Information We Collect

We may collect information you provide directly to us, information collected automatically through your use of the Services, and information obtained through future integrations and platform features.

Account Information

When you create an account, we may collect:

- Name
- Username
- Email address
- Password credentials (stored securely through authentication providers)
- Profile information you choose to provide

Website Waitlist Information

When you voluntarily join the My Combine website waitlist, we may collect:

- Email address
- Optional first name
- Date and time of signup
- Signup source
- Marketing attribution information, such as UTM source parameters

Performance and Workout Data

We may collect and store:

- Workout history
- Drill results
- Test Day results
- Runner Scores
- Speed Scores
- Agility Scores
- Explosiveness Scores
- Personal Records (PRs)
- Training history
- Progress tracking information
- Performance analytics

Subscription and Billing Information

If you purchase a subscription or paid feature, we may collect:

- Subscription status
- Transaction information
- Purchase history
- Billing-related records

Payment information is generally processed by third-party providers such as Apple, Google, Stripe, or other payment processors. My Combine does not store full payment card information.

Device Information

We may collect:

- Device type
- Operating system
- App version
- Browser information
- Device identifiers
- Crash reports
- Diagnostic information

Analytics Information

We may use analytics tools, including Firebase Analytics and similar services, to collect information regarding:

- Feature usage
- Session activity
- App performance
- User engagement
- Error reporting
- Platform improvements

Location Information

My Combine may collect location-related information, including:

- Approximate location
- Device-based location information
- Location information voluntarily provided by users

Location services are not currently required for core functionality, but may be used in future features such as events, leaderboards, verified testing, team functionality, or other platform services.

Future Hardware and Device Data

Future versions of My Combine may collect information from:

- Bluetooth timing remotes
- Timing gate systems
- Wearable devices
- Sensors
- Hardware integrations
- Future performance testing equipment

Such information may include timing data, device status information, performance measurements, connectivity information, and related operational data.

2. How We Use Information

We may use collected information to:

- Provide and operate the Services
- Create and manage user accounts
- Generate workout recommendations

- Track athletic performance
- Calculate Runner Scores and related metrics
- Improve platform functionality
- Process subscriptions and payments
- Respond to customer support requests
- Maintain and administer the My Combine waitlist
- Provide launch announcements, early-access information, and availability updates
- Communicate information about Founders or early-user opportunities if offered
- Understand which marketing sources are generating interest in My Combine
- Maintain platform security
- Detect fraud and abuse
- Conduct analytics and research
- Develop future products and services
- Comply with legal obligations

3. How We Share Information

My Combine does not sell, rent, or trade personal information to advertisers, data brokers, or unrelated third parties.

We may share information in limited circumstances, including:

Service Providers

We may share information with trusted third-party providers that help us operate the Services, including:

- Cloud hosting providers
- Analytics providers
- Payment processors
- Customer support providers
- Authentication providers
- Infrastructure providers used to process or store waitlist information, including Google services such as Google Sheets and Google Apps Script

Legal Compliance

We may disclose information if required to:

- Comply with applicable laws

- Respond to legal requests
- Protect user safety
- Enforce our Terms of Service
- Protect the rights of My Combine

Business Transactions

If My Combine is involved in a merger, acquisition, financing, asset sale, restructuring, or similar transaction, user information may be transferred as part of that transaction.

4. User-Generated Content and Future Social Features

Future versions of the Services may include:

- Leaderboards
- Profiles
- Coach accounts
- Team functionality
- Social features
- Content sharing

Information that users voluntarily choose to make public may be visible to other users.

Users are responsible for information they choose to publicly share through the Services.

5. Data Retention

We retain information for as long as reasonably necessary to:

- Provide the Services
- Maintain account functionality
- Preserve workout history
- Comply with legal obligations
- Resolve disputes
- Prevent fraud
- Enforce agreements
- Support legitimate business operations

Retention periods may vary depending on the type of information involved.

Account-deletion requests are handled under Section 6. We do not retain a deleted user's personal account data solely for routine business convenience.

6. Account Deletion Requests

Users may request deletion of their accounts.

After a valid account-deletion request is processed, My Combine deletes the known account data managed by its active app deletion process and the user's authentication account. We do not retain that account data merely for business convenience.

A minimal server-only deletion-safety record containing the account identifier and processing timestamps may remain temporarily while authentication deletion and data cleanup are verified and previously issued sign-in tokens expire. The record remains through a two-hour safety margin after authentication absence is first observed and is removed when the required checks are complete. If a step fails, the record remains to block access while cleanup is retried or resolved.

Records outside this account-deletion process, including any information that must be retained under a specific legal obligation or that remains in provider backups, are subject to their applicable retention rules. We do not use general business convenience as a reason to keep deleted users' personal account data.

7. Data Security

My Combine uses reasonable administrative, technical, and organizational safeguards designed to protect user information.

However, no method of electronic storage, transmission, or internet-based communication can be guaranteed to be completely secure.

Users acknowledge that information is transmitted and stored at their own risk.

8. Children's Privacy

The Services are intended for users who are at least thirteen (13) years old.

My Combine does not knowingly collect personal information from children under the age of 13.

If we become aware that information has been collected from a child under 13 without appropriate consent, we may delete the information and terminate the associated account.

9. Your Privacy Rights

Depending on your location and applicable law, you may have rights relating to:

- Accessing your information
- Correcting inaccurate information
- Requesting deletion of information
- Restricting certain processing activities
- Receiving information regarding data practices

Requests may be submitted by contacting My Combine using the contact information below.

10. Changes to this Privacy Policy

My Combine may update this Privacy Policy from time to time.

When material changes are made, we may update the Effective Date and provide notice through the Services or by other appropriate means.

Continued use of the Services after changes become effective constitutes acceptance of the revised Privacy Policy.

11. Contact Information

If you have questions regarding this Privacy Policy or our privacy practices, please contact:
